EXPERIENCE CERTIFICATE

To Whom It May Concern,

This is to certify that **Ms. Arooba Fatima** was associated with **DMARClitics** from **November 2024 to December 2025** in the capacity of **Full Stack Developer**. During her tenure, she demonstrated strong technical proficiency, collaborative spirit, and a consistent commitment to delivering high-quality software solutions.

Key Responsibilities & Contributions

Email Authentication Backend Development — Contributed to the backend development of SPF, DKIM, and DMARC infrastructure including policy hosting and enforcement mechanisms.

Email Placement Testing — Developed and executed inbox placement testing workflows across major providers including Yahoo, Naver, and various third-party email testing tools to validate deliverability outcomes.

Frontend Website Development — Actively contributed to building the customer-facing web platform using Next.js, working in close coordination with the UI design team to implement responsive, production-ready interfaces.

Team Collaboration & Knowledge Sharing — Collaborated effectively across development teams, supported fellow developers, and regularly presented demos of completed work to internal stakeholders.

Ms. Arooba Fatima proved to be a dedicated and technically capable team member. We wish her the very best in her future endeavours and recommend her without reservation for any role she may pursue.
